

Enhance and perfect your photography anywhere.

share your photos from anywhere – on your computer, on the web, on your iPad and on your iPhone or Android devices. It's all your photography. All in one place. New to Lightroom? [Get the basics](#)

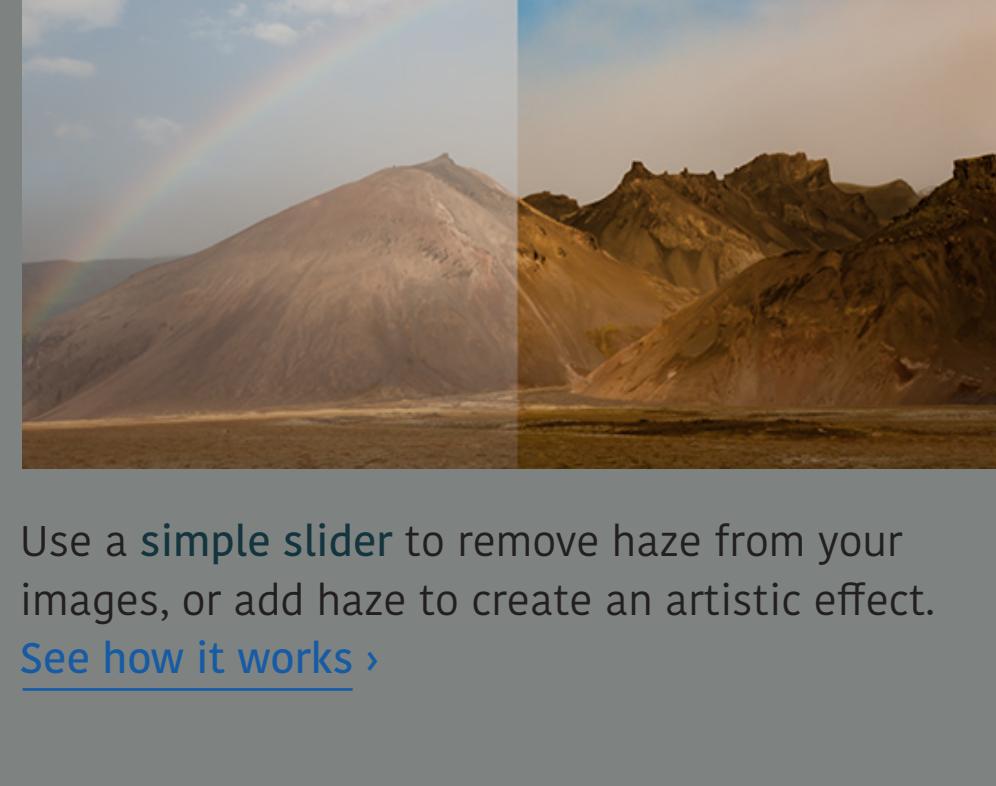

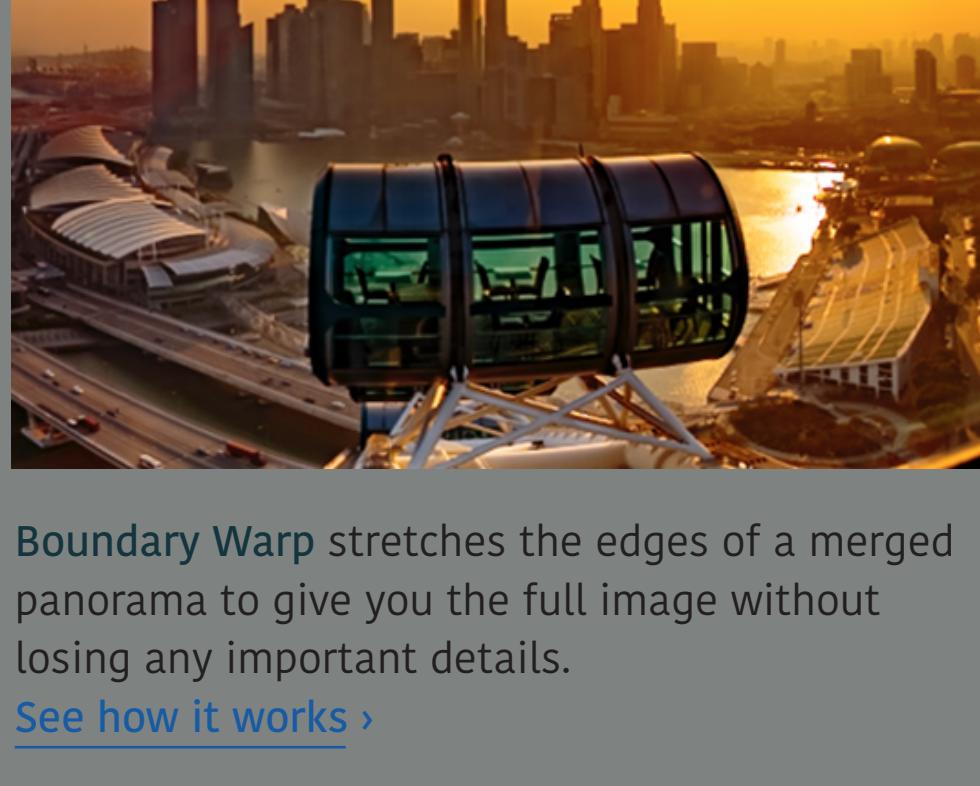

Your photos don't always match the scene the way you remember it. But with

Lightroom, you have all the tools to bring your photography to life. Punch up colors, make dull-looking shots vibrant, and add effects like motion blur or lens flare to create unique looks.

distracting objects and straighten skewed shots. Plus, the latest release includes powerful new ways to adjust atmospheric haze, create incredible HDR images and panoramas, import and edit faster, and so much more.

A white smartphone is shown from a top-down perspective, displaying a night photograph of a traditional Japanese street. The image shows wooden buildings with warm light emanating from their windows, and several lanterns hanging from wires above. The sky is dark, suggesting it's nighttime. The phone's home button is visible at the bottom center, and the top edge shows the screen and a small portion of the device's body.

10

A shirtless man in blue swim trunks is captured in a dynamic, energetic pose. He is leaning back, with one arm raised and bent, holding a glowing, circular object that emits a bright light. His body is surrounded by a translucent, glowing purple energy field or mist, which appears to be swirling around him. The background is a deep, rich purple, creating a dramatic and otherworldly atmosphere.
